

## 5<sup>th</sup> WDF Intelligent Tracking Solutions

5-7 June 2019 | Vienna, Austria

*Vienna, AT.* In its fifth edition, the WDF 2019 takes place with its motto “Intelligent Tracking Solutions”. The city of Vienna is again first choice for this renowned industry event, where more than 250 leading experts will gather. Thereby, this will also be the perfect possibility for networking with senior decision makers from all over the globe.

### Programme and streams

On Wednesday, four keynotes will get the audience in the mood for the coming two days. They are dealing with trend-setting topics, such as the Hyperloop, a vision for rail in 2050 or AI in transport. Thursday will provide all visitors with a broad range of speeches focusing on traffic management. These are divided into four streams:

- Train Localisation
- Maximise Efficiency – Managing Traffic
- Freight Transport 4.0
- Digitalisation, Trends and Innovations

Friday will close the WDF 2019 with presentations from representatives from various system integrators and operators. They are going to present best practices in “Train Tracking using DAS” and most innovative “Track Vacancy Detection” solutions.

### Get inspired

Besides high quality speeches with a broad background, the WDF is known as a perfect occasion for informal discussions and exchanges. Several coffee breaks and two exclusive networking events will again offer the possibility for participants to get in touch, reflect the speeches they’ve heard and get inspired by sharing their experiences when it comes to intelligent tracking solutions.

### Facts in a nutshell

At the 5<sup>th</sup> WDF, 27 speakers from 10 countries will provide valuable knowledge and insights into current topics.
